Get Free Mor

Folklore. Rosalie K. Fry's novel, which was the basis for John Sayles's classic 1994 film The Secret of Roan Inish, is back in print for the first time in decades. What really happened to the mysteriously vanished lighthouse keepers—a true story, evocative of The Shining.

On December 26, 1900, the vessel Hesperus arrived at Eilean Mor in the remote Outer Hebrides with relief lighthouse men and fresh provisions. Staffed by three keepers, the lighthouse had been in operation for a year, but no light had been seen from Eilean Mor for 10 days. Upon arrival, the superintendent, Robert Muirhead, found the lighthouse to be completely deserted, and a subsequent search of the surrounding island failed to show any sign of what happened to the keepers. The last entry in the lighthouse logbook had been made on December 15, and contained a number of strange and distressing entries that offered clues as to the mental state of the men. One was reported to have been crying, while another had become "very quiet." When it was revealed that the men's oilskin coats were missing and the clock in the lighthouse had stopped, inevitable theories surrounding the keepers' fates were soon put forward. These included a giant wave washing them away, murder and suicide by the men themselves, and more esoteric explanations, as Eilean Mor was believed to have mystical properties. This book explores this mysterious and chilling story in depth for the first time and reveals a shocking conclusion.

Mór Jókai was a Hungarian novelist, dramatist and revolutionary. Jókai's romantic novels became very popular among the elite of Victorian era England; he was often compared to Dickens in the 19th century British press. One of his most famous fans and admirers was Queen Victoria herself. The critic August Nemo selected seven short stories by this remarkable author for your enjoyment: -

Jameela, a young girl living in war-torn Afghanistan, struggles to find her place in the world after her mother dies and she moves to Kabul with her drunken father where she clashes with her stepmother and ends up in an orphanage.

Author's reminiscences of her mother Marta Olsdatter Lanning Egeland, who immigrated to American from Norway, and settled in Minneapolis, Minnesota, "An ACTION-PACKED read that will pull you along from the first page to the chilling end."

One universe. Two different races. One common enemy. When the benevolent race known as the Illuminous visited Earth back in the 1950's, they weren't aware of the aliens who had attached themselves to the hull of their ship. The Mor, also known as Seeds, found Earth to be a poor choice for a new home, but a home, nonetheless. Years later, three brilliant college students inadvertently stumble on a formula that enhances the Mors' ability to communicate and grow at an incredible rate and now the race is on to reverse what was done before all life is destroyed. The Mor is a "fast-paced" and "tightly written" standalone Sci-fi Thriller. (Previously released as Seeds)
